Congratulations to our Senior Partner On Receiving College of Law Honors Medal

The partners, associates, and employees of Blitman & King LLP congratulate Senior Partner Bernard T. King on being awarded Syracuse University's College of Law Honors Medal. The honor is given to College of Law alumni by the College's Alumni Association for distinguished service to the legal profession, the College of Law, or to the world in general.

Mr. King was already contributing to the field of law before his 1959 graduation from law school where he was a member of the Justinian Honorary Law Society and the *Syracuse Law Review*. He joined what was then a small upstate New York law firm and helped build the Blitman & King LLP of today — a nationally recognized leader in labor law, pension law, employee benefits law, and alternative dispute resolution.

Along with providing excellent legal representation to his clients, Mr. King also devoted time to developing the legal profession. He chaired the Labor and Employment Section of the American Bar Association (ABA), served on numerous ABA special committees and task forces, and until recently, served on the ABA Board of Governors. Mr. King also participated in the New York State Bar Association, was a Fellow of the College of Labor Lawyers and a founding co-chair of the Central New York Chapter of the Labor and Employment Research Association. He is a frequent lecturer and author of legal articles. He also remains active in his community and has been honored by the Onondaga County Bar Association, LeMoyne College, and the American Arbitration Association.

Please join the firm in congratulating Mr. King on the latest recognition of his many contributions to labor and employment law. Blitman & King LLP is proud to have the benefit of your experience!
